

Question 557) - What does he do next?

A: After pelting Jamratut 'Aqabah on the Day of Nahr, the Mufrid will clip his hair. To shave it is better. He is now released from Ihram and all restrictions except (taking benefit from) woman are lifted from him. He may wear stitched trousers and shirts etc. He may apply fragrance to his body and clothing, cut his hair and clip his nails. The Mutammati' and Qarin must slaughter the Hady after the pelting of Jamratul 'Aqabah. He will then only cut or shave his head.
