

Teaching Children Surahs of the Qur'aan in a Sequence other than its Own

Q: Imaan-9: What have the Ulema and Muftis to say about children in the primary Madrassahs being taught the Amma Para (the last Juz) from back to front? Is this not Makrooh?

Answer: The entire Para is not recited at once (in these Madrassahs), neither is this the objective. The purpose is to teach the children and because teaching is easier using this method, our pious elders have adopted this practice. It is not Makrooh.
