

What Method Ought to be Used when Reciting the Qur'aan

Q: Ilm-23: If a person who completes five recitations of the Qur'aan in Ramadhaan has to recite with meaning, he will complete only one recitation. Which method should he adopt and which will earn him more rewards?

Answer: Most people have the fervour to complete a recitation of the Qur'aan during Ramadhaan and usually devote themselves more greatly to the task. Most of their time is therefore spent in recitation of the Qur'aan. A person should therefore adopt the method that he has a greater fervour for. And Allaah knows best what is most correct.
