Question

A year back my family shifted to a house which was dark and gloomy...during the first few days,everyone experienced bad dreams then we got use to it.. the owner of that house said that no one stayed in that house for more then 7 months.. how ever after few months i developed jaundice and typhoid and then that was cured by? Allahs leave ...but just after 4 months i developed typhoid malaria and rat fever... My uncle stayed in that house before and her daughter was always ill and she said once they moved out ..she became well. however even i saw a similer dream..In the dream i am saying to my sister once i move out from this house I will be fine.. We shifted form that houseand i am much better...but still the dreams continue about that house ...Can u suggest some Dua for it...Can evil come from the house and it could affect ones health and can the evil follow if we migrate to a new house...I have led these questions all the time...I dont want to spoil my Aqeedah ...So please let me know this matter in the Light of the Quran and authentic Sunnah...
