Question

Salaam mufti, I am a boy and seem to urinate blood often....what do I do in Ramadaan??? and urine seems to ejaculate from me aswell, does that break my wudu?

Answer

In the name of Allah, Most Gracious, Most Merciful

Assalaamu `alaykum waRahmatullahi Wabarakatoh

You should consult a physician for urinating blood. It is natural to urinate. That breaks wudhu only.

And Allah knows best
