

The Vomit of a Child

Q: Taharaat-51: Is the vomit of a breastfed baby pure or not? If impure, is the Najaasah (impurity) Ghaleezah (very serious) or Khafeefah (not so serious)?

Answer: When a breastfed child or an adult vomits a mouthful, the impurity will be Ghaleezah and the clothing and/or body will have to be washed off. If the vomit is less than a mouthful, neither will wudhu be nullified, nor will it be regarded as an impurity. And Allaah knows best what is most correct.
